Truman Confers With Schwellenbach, Murray

(By The Associated Press)

President Truman held a hurriedly-called conference with Secretary of Labor Schwellenbach and CIO President Philip Murray today in a renewed White House effort to end the steel strike deadlock.

Neither Schwellenbach nor Murray would comment as they emerged from the half hour session, but the labor secretary said: "We came out smiling."

Murray, who also is head of the CIO United Steel Workers, said only to reporters:

"The president asked me to come over to talk with him about the steel situation."

"Whatever is said has got to come from him," Murray added.

Asked if he was optimistic for a settlement, he said merely "I'm forever an optimist."

Administration sources appeared to be becoming more cheerful again about prospects for a break in the deadlock between Murray's union and the steel companies.

Truman To See Bowles

Immediately after the conference, White House aides announced that OPA Administrator Chester Bowles would see the president this afternoon. Bowles has been holding out for a $2.50 a ton increase in steel prices, while the industry is seeking a $6.25 boost to compensate for a wage increase.

The president is reported to be sticking by his proposal that the 750,000 striking steel workers be given an 18½ cents an hour increase.

Schwellenbach said he did not know whether the president had any plans to summon Benjamin F. Fairless, president of United States Steel, for a White House talk.

After the departure of the union leader and Schwellenbach, the president's congressional leaders went in for a weekly conference with him.

Meanwhile, a strike of 3500 AFL tugboat workers in New York harbor, which Mayor O'Dwyer estimated would cut off 80 per cent of the city's normal flow of fuel and about half its food, began this morning.

About 35,000 members of the AFL International Longshoremen's union backed up the tugboat workers, affiliated with the ILA's United Marine division, in their wage dispute with the New York Tugboat exchange.

As O'Dwyer planned for emergency distribution of supplies, his labor advisor and a federal conciliator arranged meetings with union and company officials in an attempt to settle the dispute.

This dispute and a walkout in the brass industry boosted the national total of idle in labor troubles to about 1,450,000. Accounting for the bulk of this figure are the steel strike, 750,000; General Motors, 175,000, and Electrical Workers, 200,000.

The CIO Mine, Mill and Smelter Workers union started a work stoppage in the brass industry with 14,400 members affected in Connecticut and at Buffalo, N. Y.

Russia Will Drop Demand For Action Against Britain

LONDON, Feb. 4 (AP)—Russia agreed tonight to drop her demands for security council action against the British in Greece—with the understanding that Britain would withdraw her troops there as soon as possible.

Russia had complained to the UNO that the presence of British troops in Greece endangered the peace.

The sudden modification in the Soviet stand came after another acrimonius exchange between the British and Soviet representatives, Ernest Bevin and Andrei Vishinsky, who first debated the question last Friday.

Foreign Secretary Bevin declared the Soviet Vice Commissar lied when he charged British troops with protecting rightist forces in Greece. Edward R. Stettinius, Jr., the American delegate, moved to dismiss the charges, and both France and China, the remaining permanent members of the security council, supported Stettinius.

"We are not here to vote each other down," Stettinius told the council. He said the American government was satisfied that the British troops in Greece did not constitute a situation likely to endanger peace.

In a hot and heavy argument over Russia's demand for the "immediate withdrawal" of the troops on the ground that they endangered international peace, Bevin asserted:

"Mr. Vishinsky says that our troops in Greece are protecting the right—I give the lie to that."

He spoke after Vishinsky, in a 90-minute statement, had challenged Bevin's friendliness toward Russia in telling the security council last Friday that the "real danger" to world peace was Moscow propaganda against the British.

"I'm not unfriendly toward Russia," Bevin said in his detailed rebuttal, delivered for the most part in a calm, slow voice. "I just want equal treatment."

He did not say what equality he had in mind.

Bevin declared that in the charge brought against Britain by Russia "the honor of my country and the British commonwealth is involved."

He denied emphatically that Britain was in any way endangering the peace of the world and declared that if Vishinsky really believed it was, then Bevin should not be in the security council.

"This charge has caused bitterness in the hearts of the British people," he said, "because it is not true."

Bevin spoke about 40 minutes.

"Have I, my government and the British people taken action in Greece or elsewhere to endanger the peace of Europe?" he asked in conclusion. "On that I ask an answer . . . I plead with you either to absolve us or brand us as guilty."

Vishinsky told the council earlier that "nothing worse could have been said" than Bevin's assertion last Friday that propaganda from Moscow was a danger to peace.

De Gaulle May be Planning Coup

By DEWITT MACKENZIE

PARIS, Feb. 4. (AP) — General Charles De Gaulle's resignation as president of France and his "retirement" present an intensely interesting political situation, for there is widespread belief among observers that the general merely intends to lie doggo until the new constitution is adopted next June and then come out again for leadership of the republic.

The general appears to be in process of trying to execute a grand coup of which his "retirement" is the strategic keystone. If this assumption is correct, then the reasons for it follow along naturally enough. The situation is this:

France's economic position is a matter of grave concern, for she has just about hit bottom. Her recovery calls for strong governmental action involving long-term policies. But these strong, long-term policies are denied to the present government by the fact that its life can run only to June, when a new constitution will be adopted and another government will come into power. Thus the leader of the present government may arrive at election time with a heavy black mark against his name in the public mind.

The man in the street will be inclined to overlook the handicaps, and will see only the fact that life for him and his family is the same grim struggle it was when the government assumed control. So he will look for new leadership.

De Gaulle is keeping discreetly silent, but I believe it's fair speculation that these thoughts passed through his mind as he tossed his presidency back into the assembly after holding it for some two and a half months.

The National Whirligig

By RAY TUCKER

WASHINGTON, Feb. 4—The arbitrary behavior and czaristic attitude of army judges in specific courts-martial cases recently studied at an executive session of the senate judiciary committee shocked the trial lawyers on that body.

Several members immediately demanded that high officers of the judge advocate general's bureau appear to offer an explanation of the discrepancies in treatment of defendants in various theaters and in this country, the seemingly excessive penalties and the failure to give proper legal counsel or other protection to the accused.

* * *

FAIR The senators were astonished to discover a great difference in the review procedure of courts-martial held in the United States and those staged overseas. In their opinion, the existing method does not provide "equal justice" for the victims.

When the accused is sentenced in the United States, the reviewing officers can consider almost every aspect of the trial before they pass on the original judgment. They may question the credibility of witnesses, the court's rulings on evidence or other significant phases of the affair.

But once a man has been sentenced by an overseas court-martial, the military examiners can merely consider whether the legal forms have been observed. Their study is purely to forma; it does not go to the question of whether the soldier was given fair and full hearing.

* * *

VERDICT Two cases involving death sentences came under special scrutiny and criticism. In the senator's opinion, the circumstances in each instance warranted a verdict of manslaughter rather than the capital penalty.

The first concerned a soldier on duty in Hawaii, and was an extremely sordid affair. He and a woman of ill character indulged in a prolonged drinking spree which ended in a fight in a Honolulu alley. In his intoxicated state he broke her teeth and she fell unconscious on the pavement. He wandered off in a drunken stupor.

The woman died from strangulation, the blood from her wounded mouth choking her before passers-by managed to resuscitate her. The soldier

Atom Bomb Plant Head to Change

(NEA Telephoto)

Col. Franklin T. Matthias (left), 37-year-old commanding officer of the Atomic Bomb Engineer Works, at Hanford, Wash., since its inception in 1942, will soon be separated from the Army, to be replaced as area engineer and commanding officer at Hanford by Col. Frederick Clarke (right), who has served with the Manhattan District of the atomic program since last October. Matthias will go to Sao Paulo, Brazil, to become project manager for a large hydro-electric project.

Services Held Here Today for Slain Policeman

Funeral services were held this morning from St. Alphonsus Catholic church for City Policeman J. C. Farris, 66, while county officials marked time while waiting for his alleged slayer, Boyd Anderson, 21, Cascade, Mont., to be released from the hospital so he can be arraigned on a first degree murder charge.

A large crowd attended the services for Farris, a district resident since 1909, who was well known throughout the area. Present were representatives of the Wallace, Mullan and Kellogg police departments, the sheriff's office, all Wallace city officials, the F. B. I. office in Coeur d'Alene, Deputy U. S. Marshal Bruce Blake and Wallace Eagles.

Pallbearers were Sheriff Archie McPhail, J. E. Nicholson, John Gregory, W. J. Murphy Jr., Louis Nelson and John McKibben.

The Rev. Father J. F. Gresl said the funeral mass and burial was in the local cemetery.

First degree murder charges were placed against Anderson Saturday by Prosecuting Attorney A. J. Graf, who alleges Anderson knifed Farris to death Thursday night as he was caught trying to burglarize the Combination Grocery. Anderson, who suffered four gunshot wounds in his thighs trying to run a road block at Kellogg, in in a local hospital under heavy guard, but his physician said he probably would be able to be arraigned this week.

Meanwhile Detective P. B. Anderson, Spokane, said that Joe Lavenger, 30, who escaped with Anderson January 24 from Montana prison at Deer Lodge, had been taken into custody in Spokane and has admitted his identity. He had been working at an ice plant.

Officers in Spokane said Lavenger would be returned to Deer Lodge by way of Wallace to permit further investigation here. Lavenger was quoted as saying he left Anderson in St. Regis and arrived in Spokane Wednesday night. He had worked at the ice plant there only two days.

Questioned here by Montana Prison Warden John E. Henry last week, Anderson said he and Lavenger parted in St. Regis.

Anderson's father, from Great Falls, Mont., arrived over the weekend to visit his son in the hospital.

Flashes Of Life

HOGANSVILLE, Ga., Feb. 4 (AP)—Two years ago Will R. Perkins reported his dog, Fiji, had been stolen, but now he feels there has been a settlement.

Perkins found a note on the door of his home and a puppy lying on the porch the other day. The note said:

"I took your little dog, but am leaving you a little puppy in the place of it."

MANILA, Feb. 4 (AP)—Antonio Sanjuan, Manila's one-armed bandit, is dead but that didn't make any difference to the court.

Judge Rarianol Dela Rosa sentenced him posthumously to six months in jail for participating in a $230,000 bank robbery.

The court, said the judge, never had been informed officially of the fatal shooting of Sanjuan by an unkndown person last month.

KANSAS CITY, Kan., Feb. 4 (AP)—Thomas H. Finnigan may marry two girls at one time tomorrow.

Finigan, a proxy bridegroom, says two sisters in an Ohio town have been corresponding with him about a double proxy marriage.

If it comes off it will give Finigan, the "most married man in America," his 50th and 51st wedding in the same ceremony.

HURT AT SILVER SUMMIT

Matt Isotolo, Wallace, suffered a fractured right collar bone when he fell while at work at the Silver Summit mine this morning.

Former Local Man Held In Wisconsin

Russell L. Clark, formerly of Wallace, is being held by police at Stevens Point, Wis., and on instructions from Sheriff Archie J. McPhail probably will be turned over to the F.B.I. to face car theft charges, it was learned today at the sheriff's office.

Clark is alleged to have stolen a 1940 Chevrolet sedan belonging to Gwendolyn Wagner, Kellogg, in the Smelter City January 21, and according to a wire sent to McPhail by Emmett Komassa, captain of police at Stevens Point, had the car in his possession when he was arrested.

Clark, Komassa said, originally was picked up on an embezzlement charge, but this charge later was dropped.

Hecla Will Pay 25-Cent Dividend

Directors of the Hecla Mining company, meeting today in Milwaukee, declared a dividend of 25 cents a share, payable March 15 to stockholders of record February 15. This will bring the grand total of dividend payments to $29,155,000.

President L. E. Hanley and Secretary Leo Hoban met with the directors in Milwaukee.

Lookout Snow Sets New Record

There is more snow on Lookout summit now than at any time since 1937—as far back as forestry service records are available—and the "snow months" are yet to come.

District Forest Ranger George Weyermann, who conducted the first of four monthly measurements at the summit Saturday morning, said snow depth on the measuring course, which is several hundred feet above the highway and railroad, was 106 inches, as compared with 94.3 inches at the same time in 1943, the previous record for February.

The greatest snow depth is recorded each year on the first of March or the first of April, but the present depth is greater than any measurement taken in February, March, April or May since 1937. On April 1, 1943, the depth was 105.6 inches and on April 1, 1938, it was 101.3 inches. These are the only two previous times since 1937 that the snow depth has exceeded 100 inches.

The water content of the snow also sets a new record. It measures 31.5 inches, as compared with 29.3 inches in 1943.

The density of the snow, however, has been exceeded several times in the past several years. Density this year is 29.7 per cent, due largely to a heavy fall of dry snow, Weyermann said.

Following is a summary of the snow measurements and comparisons with previous February 1 readings:

	Snow Depth	Water content (Inches)	Density (per cent)
1946	106.0	31.5	29.7
1945	40.3	11.3	27.7
1944	43.5	12.4	28.5
1943	94.3	29.3	31.0
1942	41.2	10.9	26.3
1941	59.2	15.9	26.3
1940	37.3	11.1	30.3
1939	67.7	19.8	29.3
1938	86.8	26.9	31.0
1937	68.7	18.2	26.6

Taxpayers Get Break On Free Mosquito Bites

WEYMOUTH, Mass. (AP)—Mosquito bites will be on the house this summer. The Massachusetts Reclamation Board has notified Weymouth selectmen that because the town has piled up a $600.18 excess for mosquito control there will be no 1946 assessment.

DOESN'T MIND

LEBANON, Pa., Feb. 4 (AP)—William Miller has a lacerated hand and arm—but he's thanking the pet cat which inflicted the deep scratches. The cat, frightened, roused Miller from a sound sleep early today as flames damaged the Miller home.

Barkley Seeks to End Filibuster On FEPC Bill

WASHINGTON, Feb. 4. (AP)—Moves to end the senate filibuster and tone down the strike control bill in the house developed today in congress.

Senator Barkley of Kentucky, democratic leader, filed a "cloture petition" signed by 48 senators. If adopted, it would limit discussion of the fair employment practices commission to one hour per senator and break the word jam which started January 17.

House republicans conferred on a bill by Representative Case (Rep., S. D.) to curb strikes before the house started its secand day of consideration. Representative Martin of Massachusetts, GOP leader, said there was strong sentiment for modifying it but no formal agreement was made. The republicans who favor modification can offer amendments as individuals.

The house banking committee rejected a republican proposal to strike from proposed housing legislation provisions for expanding home price controls and to eliminate payment of subsidies for production of building materials.

Committeemen said the vote did not necessarily mean that the housing legislation, when finally drawn by the committee, would include broadened price and subsidy provisions.

Edwin W. Pauley, defending his fitness to be undersecretary of the navy before the senate naval committee, insisted that Secretary of the Interior Ickes "misunderstood" him. He renewed his denial that he sought to head off a Tidelands oil suit with the promise of campaign contributions from oil men, as Ickes had testified.

The house banking committee postponed until Thursday the start of hearings on extending price controls for another year.

The house rejected 130 to 42 a sudden, surprise move to kill all labor legislation pending before it.

The attempt was made by Representative Celler (Dem., N. Y.) in a proffered amendment to the sweeping strike control measure by case.

In effect, the Celler motion was to strike out the entire bill.

Celler had told the house "this gives you an opportunity to defeat all this hasty, bad legislation."

Safford Has No Suspicions

WASHINGTON, Feb. 4. (AP)—Naval Captain L. F. Safford, reversing his previous Pearl Harbor testimony, said today "I have no suspicion against any individual" as to high command violation of laws against destroying public records.

Earlier in the day, Safford had testified that "suspicion exists" in his mind that General George C. Marshall and Admiral Harold R. Stark had so broken the law.

The question at issue was whether copies of a "winds code" message which Safford said gave Washington a three-day tipoff of the Japanese attack on December 7, 1941, was received here and later destroyed.

Under questioning by Senator Lucas (Dem., Ill.) of the senate-house committee, Safford said he did not suspect responsibility for destruction of the records rested with a group of naval officers, as he had said before.

"But you do have suspicion against Stark and Marshall?" asked Lucas, referring to a reply Safford had given Representative Clark (Dem., N. C.).

"I have no proper basis for suspicions against any individual," Safford replied.

"Do you want to change your testimony of a while ago?"

"I would like to change my answer to Mr. Clark's and your question. I have no suspicion directed against any individuals who can be named."

Representative Cooper (Dem., Tenn.) said he couldn't understand that kind of answer, that it appeared that if Safford had suspicions they must be directed against persons.

SEEKS DIVORCE

Lorraine Peterson filed suit today to divorce Walter Peterson on grounds of extreme cruelty and asks custody of a son and daughter. They were married in Coeur d'Alene May 10, 1941.

Patman Defends Housing Measure

WASHINGTON, Feb. 4 (AP)—Rep. Patman (Dem., Tex.) contended today that a republican drive to strike out price control and subsidy provisions from his housing bill "makes a political issue out of homes for veterans."

Patman's comment to a reporter was made in advance of a closed door session of the house banking committee to consider his measure as well as a substitute proposed by the committee minority.

The latter would grant separate authority to Wilson W. Wyatt, new housing expediter, to carry out his program of low cost home construction with preference for veterans, regardless of whether President Truman's war powers are extended beyond their June 30 expiration date.

In this it follows closely Patman's bill, but no provision is made for price ceilings on new and old houses or for authority for the government to subsidize the output of scarce building materials without hiking prices to home buyers.

Sandpoint Elks Win Ritualistic Event

Sandpoint Elks lodge officers, led by Ross Hall, exalted ruler, won the annual north Idaho Elks' ritualistic contest Saturday in Coeur d'Alene, nosing out the Wallace lodge team by .49 of a point. Moscow, Lewiston and Coeur d'Alene also participated.

The scores:

Sandpoint, 93.58; Wallace, 93.09; Moscow, 91.95; Lewiston, 91.27; Coeur d'Alene, 91.06.

Russell Danielson, L. J. Brownson and Walter Horn, past exalted rulers of the Spokane lodge; E. G. Yates, St. Maries, and Wes Lieb, Wallace, were the judges.

The victory gives Sandpoint the right to represent north Idaho in the finals of the state ritualistic event in Wallace during the annual convention of the Idaho State Elks association in June.

The contest was followed by a dinner honoring members of the various teams. R. E. Sorenson, Wallace, first vice president of the state association, was in charge.

Submarine May Play Vital Role

WASHINGTON, Feb. 4. (AP)—Atomic warfare, if it ever comes, may find the submarine ranking with the carrier-borne airplane as a prime naval weapon

This likelihood shaped up today as the result of a series of navy expressions hinting at the trend of future planning as well as ripping away the secrecy from some high policies of the past war

In the latter connection was the disclosure that this country's sea arm went along with the total war philosophy of the axis by issuing an order in the first days after Pearl Harbor for "unrestricted air and submarine warfare against Japan." The wisdom of this, the navy reasoned, was shown in the fact that Japan's supply lines to her conquered empire were cut, 276,000 Japanese killed and 1944 ships sunk by allied submarines

The final decision on the submarine's role in the atom age is expected to evolve from the forthcoming A-bomb tests against warships at Bikini atoll.

High Court Refuses Yamashita's Appeal

WASHINGTON, Feb. 4 (AP)—The supreme court refused today to save Japanese General Yamashita from death on the gallows.

Chief Justice Stone delivered the supreme court's 6-2 decision. Justice Jackson, now acting as chief U. S. prosecutor in the Nazi trials in Europe, had no part in Yamashita's case. Justices Murphy and Rutledge dissented.

The court overruled Yamashita on all points.

Esquire Wins

WASHINGTON, Feb. 4 (AP)—The supreme court today struck down a postoffice department attempt to bar Esquire magazine and its lightly clad ladies from use of second class mail.

Justice Douglas delivered the high court's 8-0 decision. Justice Jackson took no part in the case.

Doesn't Want World Capital

GREENWICH, Conn., Feb. 14 (AP)—This normally peaceful Connecticut community, its nearby hills dotted with homes of many wealthy New York City lawyers, bankers and business men, was in turmoil today over its inclusion in the site recommended for the United Nations world capital.

An estimated one-third of the town of Greenwich lies in the 42 square miles of Connecticut and Westchester County, N. Y., countryside rated No. 1 by the UNO site inspection committee which returned to London yesterday to report to the general assembly on the proposed location for permanent UNO headquarters. The committee announced New York City as its primary choice for interim headquarters.

Protests also came from some of the New York state communities affected, but it was in Greenwich that the storm struck hardest.

Property owners confronted with the prospect of eviction from land that has been in their families for generations protested the choice was "unfair and undemocratic," but a less vociferous group, among them a representation of Greenwich shopkeepers, declared the choice bestowed a high honor on the community and that the cries of opponents reflected selfish interest.

A. C. F. Will Not Back Third Party

BOISE, Feb. 4. (AP)—The Allied Civic Forces, an Idaho temperance group, plans no third party in the forthcoming elections but is "interested in individual candidates."

Harry Kessler of Boise, organization secretary, said his group is not planning any "coalition" with the Idaho Independent Voters league to back a third party.

Kessler made his statement after Harold Howell of the league said his group would welcome the civic forces in a third party move.

John a veteran of 20 months overseas service, has been discharged and is visiting his wife in Pittsburgh. Joe served with the quartermaster corps during the Leyte and Okinawa campaigns.

Their mother, Mrs. Katherine Shreve, two sisters, Mrs. W. C. Weller and Mrs. Frank Weller, and a brother, George, live in Spokane. Another brother, Jim, Big Creek, will join them in the reunion.

Joe attended the University of Idaho a year, following graduation from Wallace high school, before entering the army in March, 1943. He played football here and on the Vandal frosh team and edited the Wa-Hi Booster.

P.-T. A. Head Says Many Favor Bill

PRESTON, Feb. 4 (AP)—Mrs. Howard J. Maughan, president of the Idaho Parent-Teachers association, said today a survey showing that a majority of state legislators favor enactment of a teacher retirement bill would be presented early this week to Governor Arnold Williams.

The governor will be urged to include consideration of such a law in his promised call for a special legislative session. He recently asked Mrs. Maughan to prepare a report of the views of legislators toward a retirement bill.

In the 1944 campaign, the P.-T. A. leader said, 25 of the state senate candidates and 38 representatives pledged they "would work for teacher retirement."

Williams already has been asked by various other groups, including the Idaho Education association, to place teacher retirement legislation on the special session agenda.

Many Will Attend Lincoln Day Dinners

BOISE, Feb. 4 (AP)—Advance ticket sales for Lincoln day dinners at Boise, Coeur d'Alene and Pocatello indicate accommodations will not be available for hundreds who want to attend, Reilly Atkinson, state republican chairman, said today.

John A. Danaher, former Connecticut republican senator now with national GOP headquarters, will address the Coeur d'Alene dinner February 11.

Bernardy-Sweatte Nuptials Told

Miss Marie Bernardy, daughter of Mr. and Mrs. John Bernardy, Wallace, and Stanley Sweatte, son of Mrs. A. J. Sweatte and the late Mr. Sweatte, Kellogg, were married Friday morning at the Congregational church by the Rev. Paul D. Sutley.

The bride is a graduate of the local high school and Sacred Heart School of Nursing, Spokane, and recently was released from active duty with the nurses army corps.

The groom received his discharge from the navy several months ago. Both young people spent many months overseas in the Pacific theater and both were stationed at one time on Guam.

They were attended by Miss Marijane Gregory, St. Maries, and Glenn Sweatte, Kellogg, brother of the groom. Immediately following the ceremony they left on a wedding trip to Montana points and upon their return will live at 211 West Mission, Kellogg.

The bride was honored at several pre-nuptial showers.

Many Attend Eagles Meeting

Between 300 and 400 attended the district Eagles meeting here yesterday, local aerie officials said. Members were here from Coeur d'Alene, Spokane, St. Maries, Missoula, Seattle and Nampa.

Principal speaker was Del Carey Smith, Spokane, who reviewed the work done by Eagles in social welfare programs and Americanism and paid particular attention to the Eagles youth guidance program. He was introduced by Darrel Peterson.

The Coeur d'Alene drill team assisted with the opening and the initiatory work, when 45 candidates were initiated.

William C. Smith, president of the local aerie, welcomed the visitors. In the chairs for the meeting were A. L. Clifford, Kellogg, president; Julius Johnson, Coeur d'Alene, past president, Reed Jaeger, Coeur d'Alene, vice president, and Oscar Merager, Spokane, chaplain. Given recognition were Bert Trowbridge, past state president; Darrel Peterson, district representative of the organization department; August Peila, state treasurer; Otto Nicolai, charter member, and Merle Allen, past president from Spokane.

Dinner was served following the meeting by the auxiliary. Entertainment included numbers by the "Coeur d'Alene Hotshots;" George Corliss, magician; George Labare, juggler; and Ruth Heidt, Burke, violinist accompanied by Miss Josephine Boyd.

The anniversary meeting was announced for February 27, the birthday of aerie No. 54, which also is the birthday of Otto Nicolai.

Optimistic About Jobs In Northwest

SPOKANE, Feb. 4. (AP)—Post-war employment in the states of Washington, Oregon, Idaho and Utah will total 1,885,000 by October 1, topping the 1940 figure by 37 per cent, Lars Carlson, Seattle, regional representative of the committee for economic development, said here yesterday.

"Our surveys show," Carlson said in an interview, "the peak of unemployment in the region will be reached around March 31, when we may have around 170,000 unemployed. Then the upswing will begin and by midsummer of 1946 and no later than October 1, 1946, indications are practically all the workers in these four states will be employed."

Peter Sjursen Writes From Norway

Friends have received letters from Peter Sjursen, long-time Burke resident and employe of the Day properties there many years. He has been in Vassenden, Norway, since 1939 and states he is fine but anxious to return to the United States and has applied for a passport.

Shortly after the nazi invasion of Norway word was received here that it was rumored he had been shot by nazis while fleeing to Sweden with a large sum of money. That report later was proved erroneous.

Wallgren Confers On Annuity Bill

SPOKANE, Feb. 4. (AP)—Governor Wallgren conferred at length yesterday with Dr. E. O. Holland, chairman of the committee appointed by the governor to propose a new teachers' annuity bill to be presented to the 1947 legislature.

Holland, president emeritus of Washington State college, said "the governor proposed that provisions be made in the bill to provide somewhat larger annuities for retired teachers than those provided in the act of 1945, which he vetoed."

TWO BUILDING PERMITS

Two building permits, for work costing $4000, were issued last month by Fire Chief John C. Boyd. One for $2000 went to Pat Castor for remodeling of the Coeur d'Alene cafe and the other for a similar amount went to John Batts for work at Tabor's

NEW YORK, Feb. 4 (AP)—Stocks generally took the low road in today's market without being subjected to any great selling pressure.

Wall Street still was inflation-minded, but profits were cashed by many customers on the idea the lengthy drive to 15-year peaks may have discounted to some extent the cheapened dollar and bright business prospects.

Motors led the retreat after a fairly active opening. A little support arrived in the final hour and extreme losses running to three or more points were reduced. Here and there plus marks eventuated.

Transfers approximated 1,700,000 shares.

Forest Service Seeks Funds

WASHINGTON, Feb. 4. (AP)—Anticipating a "tremendous" increase in use of its recreational facilities, the forest service has asked congress for $1,000,00 to rehabilitate these areas during the next few months.

A recommendation that this amount be provided in the supplemental 1946 appropriation bill now under consideration was made by President Truman last Thursday.

Senator Taylor (Dem., Idaho) said he and Reprpesentative White (Dem., Idaho) had been urging the forest service for several months to take this step.

"Many of these picnic and camping areas were built by the civilian conservation corps and, during the war they have become run down and in need of repair," Taylor told a reporter. "During the next few years thousands of people, including sportsmen, campers and others, will want to take advantage of outdoor recreation and will want to use the forests."

He said he was hopeful an additional appropriation could be secured for permanent improvements and for new recreational facilities in the forests. "Each one," he said, "means a reduction of fire hazard to valuable timber stands."

Old Gun May Be Murder Weapon

LA GRANDE, Ore., Feb. 4. (AP)—Old-timers speculated recently whether a revolver found in Victoria, B. C., might be the long lost weapon with which Waldo Perry was killed in 1910.

A message scratched on the gun, seized by the customs department in Victoria from a man who said his wife had carried it for 30 years, read: "This is the gun that shot Creford at Union, Oregon. Shuting done by . . . "

Although records show no person named Creford was killed at Union, small town near here, a Waldo Perry was shot to death in August, 1910. He was discovered dead on the stairway, a lamp in his hand and a bullet hole in his back, by neighbors who missed him and searched his Pyles canyon house.

On Dec. 27, 1910, T. R. Ellickson—Perry's hired man—was sentenced to life imprisonment after his conviction for the crime. He was later paroled.

Superintendents Urge Retirement Program

BOISE, Feb. 4. (AP)—Superintendents of 26 Idaho high schools have urged that consideration of teachers' retirement legislation be made the concern of a special session of the state legislature.

The group met with Governor Arnold Williams recently, urging him to include such legislation in his call for a special legislative session, if one is made.

Williams declined to say whether he would do so, but commented:

"While I have no objection to the teachers' retirement plan, I do think that the problem should be presented to the legislators throughout the state."

Previously, the governor has said he believed such legislation should wait for a regular 60-day legislative session.

was sentenced to death and hanged. Without mitigating his offense, the senatorial reviewers believe that the absence of premeditation justified no more than a verdict of manslaughter.

FLAGRANT The other case presented an even more flagrant example of military justice, according to members of the judiciary committee.

A G. I. of small physical stature had been victimized by a bully type of soldier in his company. Whenever they met, the "big guy" used to beat up the little fellow. The latter would fight back, but he was hopelessly outclassed. The officers, so far as the evidence shows, made no effort to stop the one-sided vendetta.

On one occasion the victim was so badly hurt that he fell to the ground, unconscious. When he came to his senses, his outfit had moved off. He joined another company, planning to find his own organization later. He procured a new rifle in place of the one he had lost.

He was at mess with the new organization, with his rifle across his lap. The bully showed up again at that moment and leaped on the youngster. In the scuffle the gun was discharged, killing the aggressor. Although there had been no time for premeditation, the unfortunate soldier was hanged.

BARNACLES Senator - Admiral Charles C. Hart of Connecticut pained the sensitive members of senate and house when he recently suggested that many of the old men in both bodies should be retired because they had outlived their usefulness to the states they represented and to the nation. The old boys will never accept or act on his implied proposal that they set an age limit on themselves.

But veteran observers at Washington agree with him heartily. In their opinion, it is no exaggeration to say that there is too much aged timber in the Ship of State ,not to mention barnacles. A great deal of delayed action, muddled thinking and futility in the executive, legislative and judicial branches of the government has frequently been attributed to the mental or physical decrepitude of certain high officials.

STRAIN The army and navy have a retirement age—64—although high officers' duties in peacetime do not impose as severe a strain as the incessant demands on legislators. President Roosevelt sought to make 70 years the maximum for members of the federal judiciary, and they lead a somewhat sedentary life.

The La Follette-Monroney committee, in framing a program for streamlining the congressional structure, toyed with the idea of fixing a maximum age of service. But they realized that the inclusion of such a proposal would have jeopardized their worth-while recommendations, and decided not to mention this touchy subject.—Copyright McClure Newspaper Syndicate.

British Brides Dock At New York Harbor

NEW YORK, Feb. 4 (AP)—Storm-tossed and tired, but radiant with anticipation, the first group of "British brides"—English women who married American soldiers during the war—reached New York today on the army transport, Argentina, after a nine-day nightmare voyage across the north Atlantic.

A total of 451 women and 175 children were aboard the ship which docked shortly before 7 a. m.

The wives ranged in age from Mrs. Ben F. Butler, 16, to Mrs. Harold N. Cooper, 44.

Idaho Generous In War Fund Drives

BOISE, Feb. 3. (AP)—Idaho contributors gave $1,100,000 to the national war fund in three annual campaigns, C. J. Strike, president of the Idaho War Fund Inc., reported.

"More than 200,0 citizens helped raise Idaho's quotas," Strike said. "Most of them worked faithfully through all three campaigns, enabling us to be the first state in the nation in the first two drives and, we believe, the first state in the last drive to fulfill our obligation to national war fund."

GAMES THIS WEEK

Thursday

Priest River at Wallace.

Friday

Priest River at Mullan.
Sandpoint at Coeur d'Alene.

Saturday

Wallace at Coeur d'Alene.
Priest River at Kellogg.
Mullan at St. Maries.
Sandpoint at Bonners Ferry.

The Wallace Miners defeated Sandpoint here Saturday night, 23-22, but fans didn't know until several minutes after the game was over who did win, and for a time it seemed as if Sandpoint had won a 24-23 victory.

The question arose because the officials, the players and the crowd could not hear—above the din the crowd was making—the buzzer signalling the end of the contest. However Timer Paul Sutley said it was sounded before Spring, Sandpoint guard, picked the ball up off the floor under his own basket and scored what at first seemed to be the winning basket.

Sandpoint held an 18-17 lead going into the final period. Edwards gave Wallace the lead with a long shot but Spring nullified his effort with a similar toss, and that was the only scoring in the first four minutes of the period. Then as time was running out Hendrix sank one from the free throw line to tie up the score and Hanson batted the ball through the net in a scramble under the basket to put Wallace ahead, 22-20.

Spring scored on an out-of-bounds play to knot the score again and Hanson got his chance to win the game when David fouled him as he was shooting. The referee awarded him two shots. Only 15 seconds of playing time remained.

Hanson had to decide before he shot the first time whether or not he would try both shots or would take the ball out of bounds instead of trying the second one. With the score knotted, and one point likely to win the game, Hanson had but one choice. He had to try both shots.

He made the first one good, but missed the second shot and Sandpoint got the ball and went down the floor fast. There was a jump ball followed by a wild scramble, and out of this came Spring's shot. The final buzzer sounded, however, just after the jump ball.

The game was nip and tuck all the way. Wallace held a 7-5 lead at the end of the first quarter, but Sandpoint was ahead 12-11 at half-time. It was a dull half, with Wallace trying only 26 shots and Sandpoint 25, and each team making four field goals.

Two long shots by Edwards put Wallace ahead, 15-12, soon after the third quarter got under way, but David tied the score with a free throw and field goal from the side court. A free throw by Hendrix returned the lead to Wallace, but Spring scored to put Sandpoint in the lead again. Edwards tied the score with a gift shot and Bonar gave Sandpoint an 18-17 lead at the end of the third period by converting a free throw.

Wildcats Win

KELLOGG, Feb. 4—A fast third quarter, when the Wildcats garnered 13 points while holding Bonners Ferry to four, enabled Kellogg to defeat the Badgers, 32-26, here Saturday night. The Wildcats led at the half, 15-13.

Jerry Turnbow and Birch led the locals with nine points each. McNally, guard, led the losers with nine.

The Wildcats are still shy the services of Ken Campbell, ace forward, who is convalescing from a siege with pneumonia.

The frosh-soph five trimmed Kingston, 32-27, in the preliminary.

University of Idaho was perched atop the basketball heap in the northern division of the Pacific coast conference today for the first time in eight years.

The Vandals faced a bitter fight to stay there because every other team except Washington State was within shooting distance.

California's Golden Bears and Southern California's Trojans meet twice this week with prospects of deciding the southern division championship.

Idaho crushed a powerful Washington state comeback bid, 57 to 46, Saturday night to get into the limelight.

The victory, coupled with Oregon's 63-55 upset of Washington, put the traditionally cellar-bound Vandals in the top spot, with University of Oregon and Oregon State tied for second place with five wins and four losses each.

The Vandals last won the title in 1923 and haven't been higher than fourth since 1928.

In Saturday's game every member of the Vandals' "Iron man" starting team scored eight points or more.

Rules Changes Aid Softball Scoring

NEW YORK, Feb. 1. (AP)—In an attempt to put more scoring into the game, the rules committee of the Amateur Softball association has voted to reduce the number of players on a team from 10 to nine with the shortfielder being eliminated.

Three other changes to aid the offensive were made by the committee at its meeting here Saturday. The officials ruled that the distance between bases be reduced from 60 to 55 feet, that a hit batsman be permitted to take first base and that the batter's box be enlarged to three feet in front and three feet behind the plate.

Moscow, Coeur d'Alene Elks Keglers Win

LEWISTON, Feb. 4 (AP)—Elks club bowling teams from Moscow and Coeur d'Alene are eligible to enter the national tourney at Omaha, Neb., by dint of winning first and second places, respectively, in state competition yesterday.

Both top singles bowlers, Tom Aaring and V. Kaiser, are from Moscow and will appear at the Omaha meet.

Moscow bowlers toppled 2629 and Coeur d'Alene, 2384. Arming's individual score was 562 and Kaiser's, 539.

District Shooters Lose Three Matches

Shooting in a blizzard, the Wallace-Kellogg Gun club team yesterday was able to break only 71 clay birds and lost three matches, one a shoot-off of a tie with Almira-Marlin, which scored 73. In regularly scheduled matches the locals lost to Walla Walla, whose three shooters went straight, and to Yakima, which had 73.

Sixty-four shooters turned out at Kellogg. R.J. Coats and Floyd Deeter had 24 apiece and J.W. Alexander and Vern Sass 23 each.

Full deck poker with 52 cards was not played until about 1830; "draw" poker didn't come into existence until the Civil War.

'Me Too'

Sixteen-month-old Terry Delaney evidently believes "mother knows best." She's pictured with her mother, Mrs. Austin Delaney, on picket line in Vancouver, B. C. Mrs. Delaney was among scores of former Canadian servicemen and women who protested tearing down of old Vancouver Hotel until town's acute housing shortage is eased.

Basketball Jamboree Tonight Will Help March Of Dimes

Four Shoshone county high school cage quintets will meet in a basketball jamboree in Kellogg tonight for the benefit of infantile paralysis victims.

All proceeds of the second annual jamboree will go to the March of Dimes, and sports fans, in addition to contributing to this worthy cause, will see some good basketball for their money tonight.

Wallace, Mullan, Kellogg and Kingston are entered. Each team will play each other team one quarter in the merry-go-round, and the total points will determine the winner. Drawings will be made on the floor at 7:15.

The first quarter will get under way at 7:30. Officials will be Lovelace and Carney.

Jimmy Demaret Wins Tucson Tourney

TUCSON, Ariz., Feb. 4. (AP)—Jimmy Demaret of Houston, Texas, today wears the Tucson open golf crown because the winds and sun could not prevail against him.

As the last of the touring professional golfers left the Old Pueblo bound for San Antonio, Texas, where a new tournament starts later this week, Demaret was top man. He completed rounds of the tricky El Rio course here in 68-63-68-68 for a 72-hole total of 268, four strokes better than his nearest competitor, Herman Barron of White Plains, N. Y., to win the $1500 first prize. Barron received $1000.

More Fights To Be Held Outside N. Y.

WASHINGTON, Feb. 4. (AP)—Mike Jacobs and National Boxing association officials apparently cleared the way today for more top-ranking bouts to be fought away from New York.

This prospect was brought about in a three-way telephone conference between the New York promoter and NBC officers, President Abe J. Greene and Harvey L. Miller, executive secretary.

They smoothed out principal points of a controversy that has been brewing as the result of a statement by Miller that Jacobs is monopolizing the better matches for New York.

ANNUAL BOWLING DANCE

MULLAN, Feb. 4—The Mullan Ladies Bowling league will give its annual bowling dance, Saturday evening, February 16, at the Morning club. Before the war it was customary to give a bowling ball as a door prize, but the practice was discontinued for the past three years' in favor of a bond. However, this year a bowling ball will be given. The following committees have been appointed:—Music, Mrs. Jack Dooling; advertising, Mrs. Mat Hendrickson, Miss Elaine Halmon, Miss Kay VanderLan; ticket, Mrs. D. Garitone, Mrs. Art Olkanen, Miss Sue Gordon. Mrs. Armas Raivio is the general chairman.

Berrichoa Wins First In Chewelah Tourney

Although Idaho Ski club members left before all results were computed yesterday in the Intermountain Ski Council tournament at Chewelah, they are believed to have made a fine showing.

Louis Berrichoa, Mullan, won first place in the downhill and second in the slalom in class B, and several other local skiers are believed to have finished high in the standings.

Coaches Stand Firm on Choices

Two representatives of the Panhandle Officials' association—an organization of north Idaho basketball officials—were told by coaches of the Panhandle class A basketball conference at a meeting in Kellogg Saturday that the coaches will determine which officials will work their basketball games and tournaments, but that the coaches will be glad to work with the association officials who measure up to their standards.

However, the coaches declared, two out-of-state officials will handle the tournament in Kellogg this year for they already have been contracted for and out-of-state officials will continue to handle games in the future if coaches want them.

Members of the officials' association last week declared they would "go on strike" unless they received more consideration in the hiring of game officials, and the coaches Saturday in effect told them to "go ahead," but at the same time offered to cooperate with the members of the association they considered competent and qualified.

All the coaches in the Panhandle conference were present except those from Coeur d'Alene and Priest river. Bob Tyson, president, and Gene Denny, secretary-treasurer, represented the officials' association, which is said to have a membership of 22, including many officials who handle B league games.

John Schnell, Spokane, and Bob Brumblay, Cheney, already have been signed to handle the Panhandle tournament in Kellogg. They have refereed a number of Panhandle games this season.
